Addendum

1. The present report, based on information received from the Chief Military Observer of the United Nations Military Observer Group in India and Pakistan on the situation along the cease-fire line in Kashmir and the adjacent border area, covers the period between 1100 hours on 29 December 1971 and 1100 hours on 4 January 1972. 1/

2. During the period under review, the situation along the cease-fire line and the adjacent border was generally quiet. There were, however, occasional firing incidents in some sectors.

3. (a) Field Station Rawalakot reported on 30 December 1971 that several rounds of artillery and mortar were fired south of the Station at 1200 hours on 29 December.

(b) The Indian military authorities in Baramula reported that Pakistan troops on 29 December had attacked and fired artillery on one Indian position. The Pakistan military authorities in Rawalakot reported that Indian military forces had fired artillery and mortar, carried out troop movements and engaged in provocative acts along the cease-fire line on 29 December.

4. The Pakistan military authorities reported that on 30 December Indian military forces had carried out troop movements along the cease-fire line in the Baramula sector and fired on Pakistan positions with artillery and mortars. There was no report on the alleged activity from Field Station Baramula.
