United Nations Document Series Symbols, 1946-1996 (ST/DL/SER.B/5/Rev.5) is prepared by the Dag Hammarskjöld Library (DHL) as one of the major tools of the United Nations Bibliographic Information System (UNBIS). It provides access to United Nations documentation by series symbol, subject, body responsible for the series symbol and title of the series.

Information was collected from material available in the collection of the Dag Hammarskjöld Library.

Arrangement of Publication

I. LIST OF SYMBOLS is an alphanumeric list of series symbols which includes the following information:

a) Document series symbol, followed by the corporate body responsible for the documentation;

b) A series title, if the document symbol represents a recurrent publication;

c) The dates of the years when a symbol began and ended; a symbol still active is followed by a dash after the opening year. An explanatory note indicates changes in symbol, series title and distribution category of material that is restricted or for internal distribution only.

Cross references are made from the symbol as it appears on the document to the expanded symbol which indicates the hierarchy of the body responsible for issuing the documents, e.g.:

EC.AD./ See: [E/ECE/EC.AD.]
[ECE/EC.AD.] See: [E/ECE/EC.AD.]

II. SUBJECT INDEX provides topical access to series symbols.

III. CORPORATE NAME INDEX provides access by the United Nations body responsible for the symbol.

IV. SERIES TITLE INDEX provides access by title of series, i.e. recurrent publications.
Basic series of subsidiary organs are usually numbered in the order of their establishment or convocation.

The documents of some subsidiary organs bear a symbol consisting of the basic series symbol of the parent body followed by the acronym of the subsidiary organ, e.g.:

A/SPC/ Special Political Committee of the General Assembly
E/ESCA/ Economic and Social Commission for Western Asia
E/ICEF/ United Nations Children's Fund

- /RES/ Mimeographed texts of adopted resolutions

1/ Starting with the 31st session of the General Assembly, symbols were expanded to include Arabic numerals denoting the session (e.g., A/31/, A/32/, A/C.1/31/, A/C.2/32/, etc.).

Starting with the 8th special session in 1978, symbols of documents issued in connexion with special sessions were expanded to include an element consisting of "S*" followed by Arabic numeral(s) denoting the session (e.g., A/S-8/, A/S-10/, etc.). An explanation of these changes is given in A/31/INF/1.

2/ Starting in 1978, symbols of Economic and Social Council documents were expanded to include the year (e.g., E/1978/, E/1978/C.1/, etc.). An explanation of this change is given in E/1978/INF.1.

3/ Starting in 1994, symbols of Security Council documents were expanded to include the year (e.g., S/1994/...).
